

Dear President Veljko,

I hope this message finds you well.

I am writing to express my sincere thanks for your valuable participation and strong leadership during the inaugural EU-OECD High-Level Forum on Shock-Proofing Trade: Secure Connectivity for Economic Resilience at the World Governments Summit in Dubai on 4th and 5th February 2026.

Your presence significantly strengthened MEDREG's voice in the discussions. The forum provided a unique platform to highlight the critical role of harmonized regulatory frameworks in fostering interoperability, de-risking investments, and building adaptive systems across the Mediterranean and GCC regions. Our collective contribution helped underscore the importance of extending initiatives like MEDREG to create a unified regulatory corridor for renewable energy and digital infrastructure — a message that clearly resonated with ministers, OECD and EU representatives, and private-sector leaders.

I am equally grateful for your engagement in the productive bilateral meeting the following day with H.E. Ramiz Alaileh the Executive Director from the Regulatory and Supervisory Bureau (RSB) Dubai. The exchange opened promising avenues for deeper regulatory cooperation, and I truly appreciate the time and insight you invested in exploring concrete opportunities for collaboration and their future membership in MEDREG. I will work with the team on the preparation of a letter to invite them to MEDREG. Following our discussion, we are optimistic about the potential for RSB Dubai's future involvement in MEDREG activities. Such engagement would further enrich our association and advance our

Poštovani Predsjedniče Veljko,

Nadam se da ste dobro.

Obraćam vam se kako bih izrazio iskrenu zahvalnost na Vašem dragocjenom učešću i snažnom liderstvu tokom inauguracionog *Foruma na visokom nivou EU-OECG o trgovini otpornoj na šokove: sigurna povezanost za ekonomsku otpornost na Samitu svjetskih vlada* održanom u Dubaiju 4. i 5. februara 2026. godine.

Vaše prisustvo je značajno osnažilo glas MEDREG-a u diskusijama. Forum je pružio jedinstvenu platformu za isticanje ključne uloge usklađenih regulatornih okvira za podsticanje interoperativnosti, smanjenja rizika od investicija i izgradnji adaptivnih sistema širom regiona Mediterana i GCC-a. Naš kolektivni doprinos pomogao je da se naglasi važnost proširenja inicijativa kao što je MEDREG za kreiranje jedinstvenog regulatornog koridora za obnovljivu energiju i digitalnu infrastrukturu – poruka koja je jasno odjeknula kod ministara, predstavnika OECD-a i Evropske Unije, i lidera privatnog sektora.

Podjednako sam zahvalan na Vašem angažovanju na produktivnom bilateralnom sastanku održanom narednog dana sa Njegovom Ekselencijom Ramizom Alailehom, izvršnim direktorom Regulatornog i nadzornog biroa (RSB) Dubaija. Razmjena je otvorila obećavajuće puteve za dublju regulatornu saradnju, i zaista cijenim vrijeme i razumijevanje koje ste uložili u razmatranje konkretnih mogućnosti za saradnju i njihovo buduće članstvo u MEDREG-u. Radiću sa timom na pripremi pisma kojim ću ih pozvati u MEDREG. Nakon našeg razgovora, optimistični smo u pogledu mogućnosti za buduće učešće RSB Dubai u aktivnostima MEDREG-a. Takav angažman bi dodatno

shared goals of regulatory alignment and resilient energy systems across our regions.

I will keep you posted on the next steps, and in addition I would like to thank you for your and your team's contribution to the new Grant Contract with the European Commission. Following your and the GA approval, we proceeded with the final signature and the Grant Contract was sent to the European Commission DG MENA today.

Thank you once again for your dedication and commitment to represent MEDREG and strengthen our organization.

With my best regards.
