Subject: Inquiry by COTEE: Rental and maintenance price for the GOs administration system

Importance: High

Dear colleagues,

I hope this e-mail finds you in good health and spirits.

Given that we are currently conducting market research in order to plan the budget for the procurement of the rental service and the maintenance of the system for the administration of guarantees of origin for the upcoming three-year period, we kindly request that you provide us with the rental service price for a one-year, i.e. a **three-year period**.

If you consider it necessary, you may further clarify the financial part item by item.

Thank you in advance!

Best regards,

Montenegrin Electricity Market Operator

Subject: RE: Inquiry: Rental and maintenance price for the GOs administration system

Dear Ana,

Thank you for the email and request. I'm doing well, hope you too!

The rental service price for the software would be 37 200€ per year (without VAT), i.e. 111 600€ for the 3-year period, including the license to use the software, customer service and support, maintenance of the software as well as hosting. This means the same service as today.

We remain available if you need any more information!

Kind regards,
Markus
